Invitation

Mrs. Busken
Mr. Hoffa's Office
Teamsters Union International
25 Louisiana Avenue, N. W.
Washington, D. C.

Dear Mrs. Busken:

With reference to our telephone conversation a few days ago, the Broadcasting Executives Club of New England would like to extend an invitation to Mr. Hoffa to be a guest speaker at one of our forthcoming monthly luncheon meetings.

This year, the BEC has over 500 members representing every radio and television station in New England. Mr. Hoffa's topic could be anything pertaining to the broadcasting industry. For example, he could express his feelings as to the way the radio and television industries have treated him over the years.

I know that he will be unable to speak until all of his appeals have been filed; therefore, I would like to offer him the following dates which are still open:

February 25, 1965
March 18
April 29
May 27

I am taking the liberty of enclosing last year's directory so that you may have a better understanding of our organization.

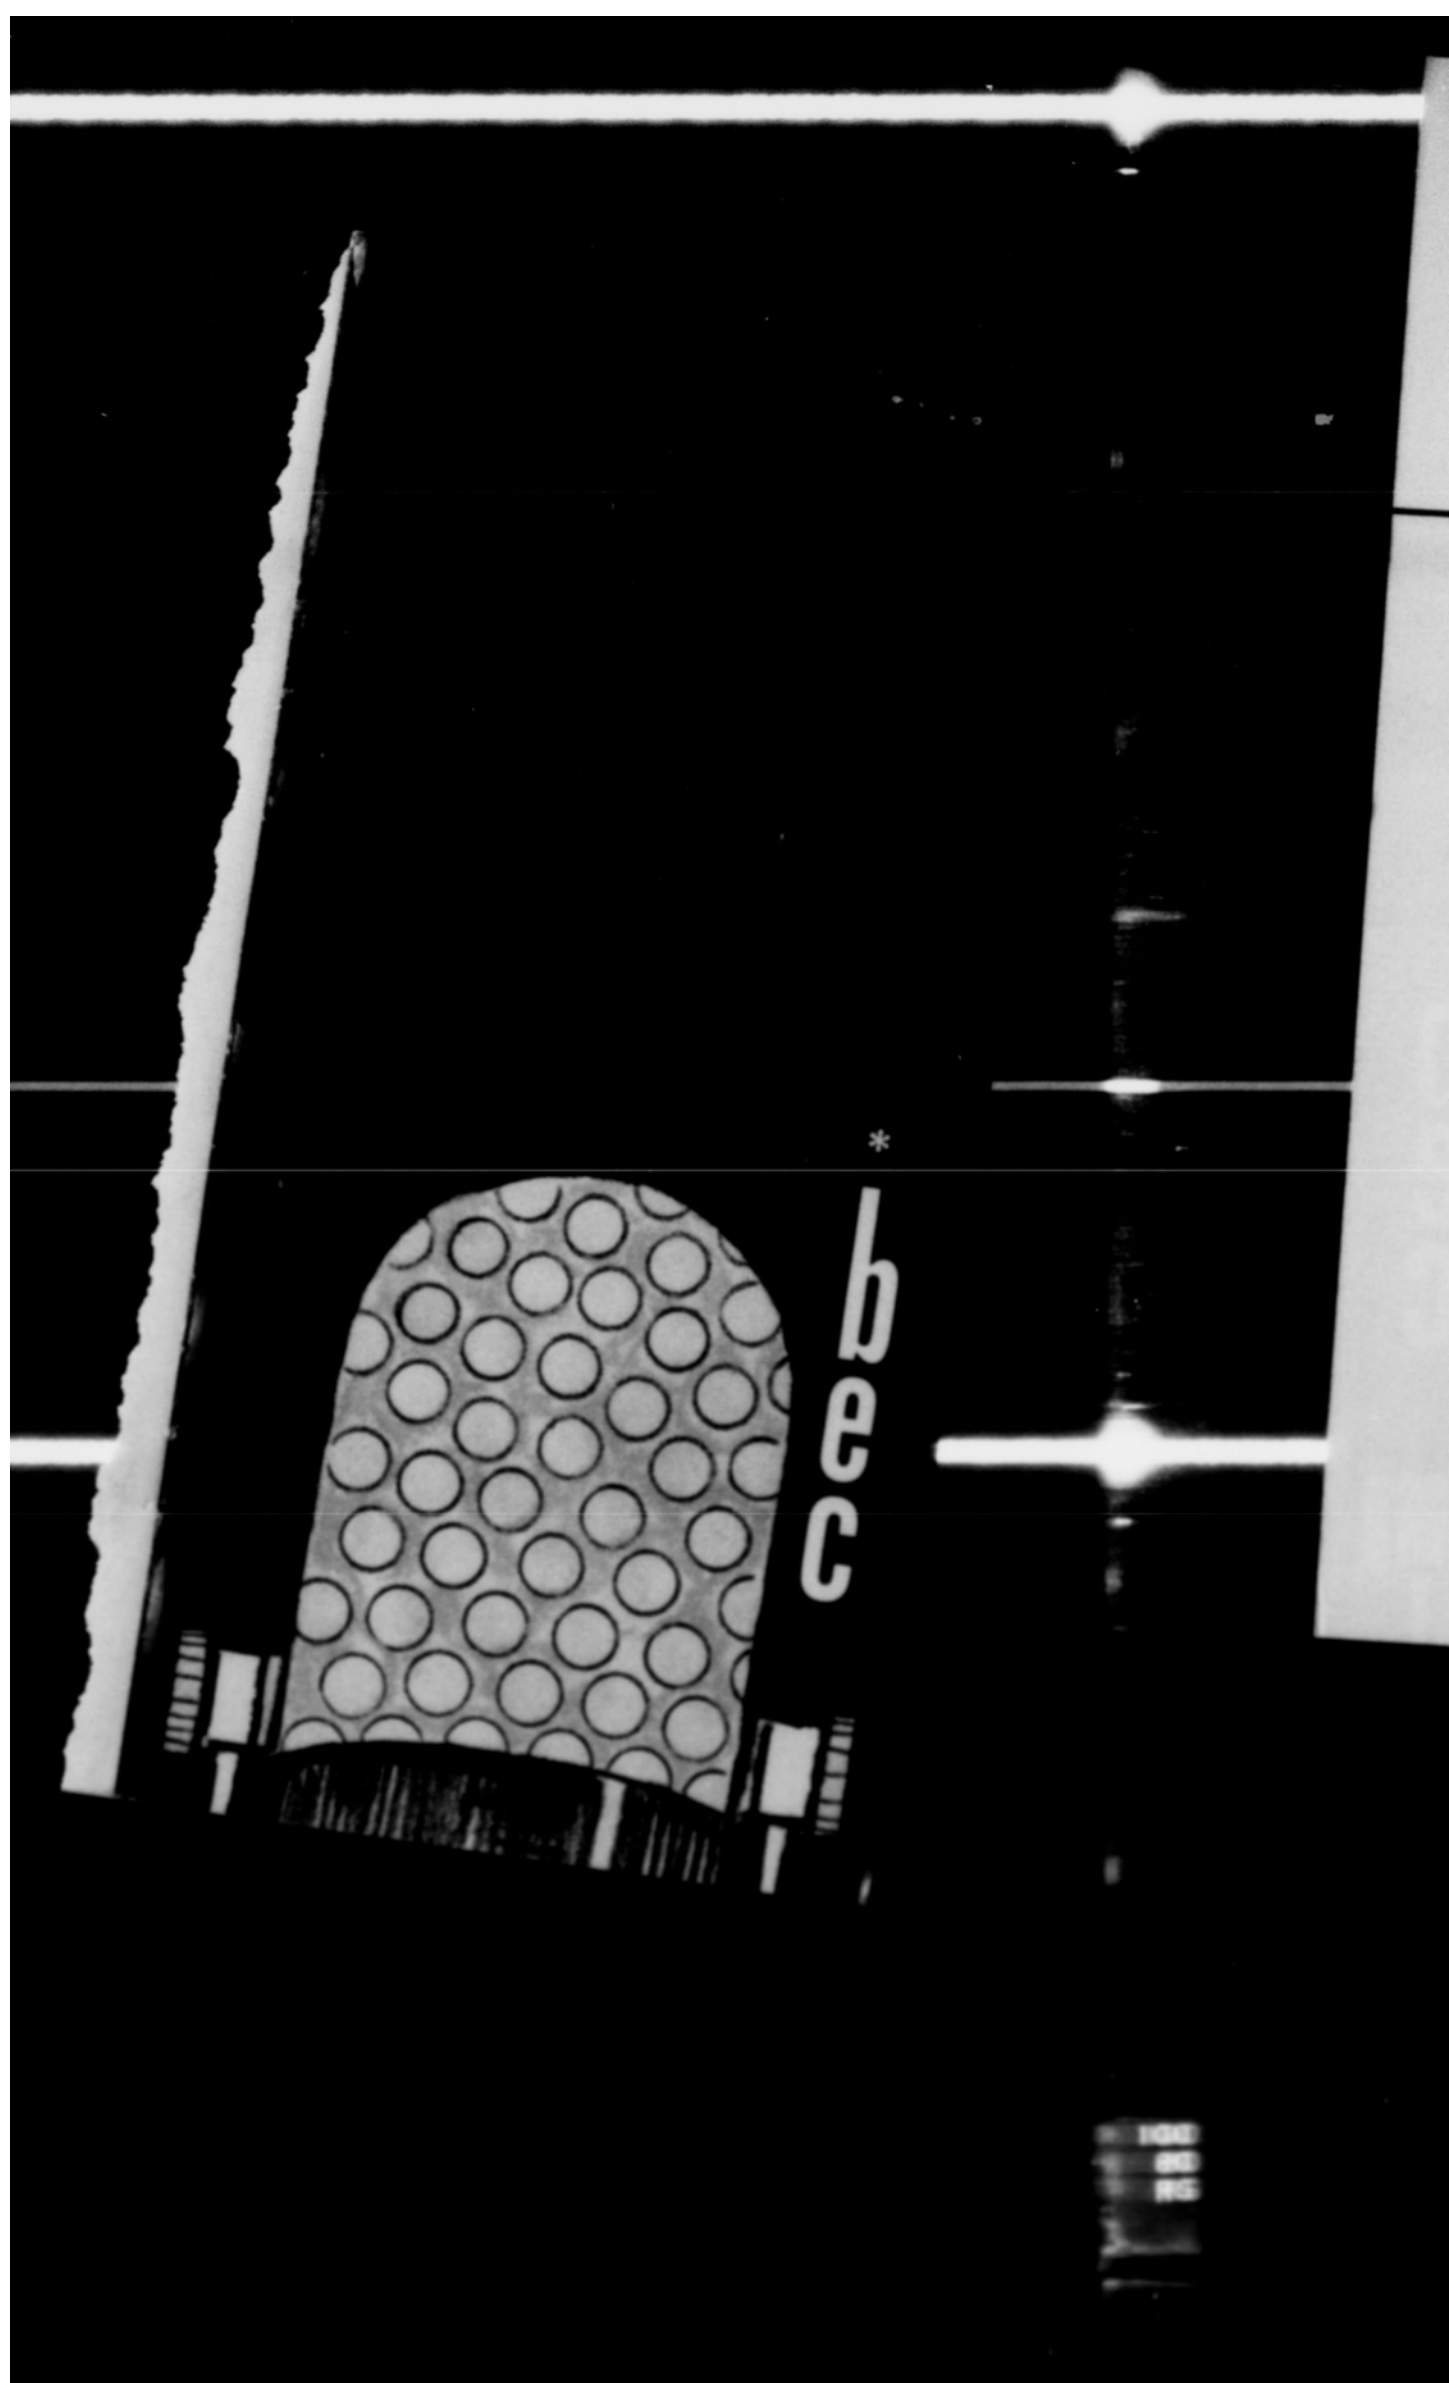

Looking forward to hearing from you at your earliest convenience, I remain

Sincerely,

BROADCASTING EXECUTIVES CLUB, INC.

- MONTHLY LUNCHEONS
- SOCIALS
- SCHOLARSHIPS
- PUBLIC SERVICE

Irish Consul General Gearoid F. O'Clairigh presents Ed Sullivan an award from the Club. BEC President John F. Crohan looks on. Mr. Sullivan was speaker at the October luncheon, when the Club celebrated its 15th year of service to the industry.

Ed Sullivan addressed more than 400 members and guests when the BEC celebrated its 15th Anniversary. Honored guests included BEC Founder Nona Kirby, Governor Endicott Peabody, Boston Mayor John F. Collins and Past Presidents of the BEC.

Among the Past Presidents attending 15th Anniversary Luncheon were William B. McGrath, Franklin S. Browning, Jr., Roy V. Whismund, Paul H. Provandie.

A capacity audience heard an up-to-date story on radio as Ed Bunker, President of Radio Advertising Bureau, addressed the November BEC luncheon. Paul G. O'Friel, General Manager of Group W's WBZ Radio was Chairman of the Day.

BEC annual Christmas Party is a December highlight. On stage, sailboat, TV sets, Bermuda cruises, Hi-Fi and many other prizes are displayed before drawing for members and guests.

MC John Scott, BEC Santa Clause (really Jess Cain of WHDH) and Carol Nash model get set to award valuable prizes during the annual Christmas Party conducted for the benefit of the Scholarship Fund. Ron Taft, Quinn & Johnson Advertising Agency, was Chairman.

John Pinto, Vice President of RKO, gave BEC members the inside story on Pay TV at the January luncheon. William M. McCormick, President, Yankee Division, RKO General, Inc. WNAC-AM-TV was Chairman of this event.

Donald H. McGannon, President of Westinghouse and Chairman of the Broadcast **Rating Bureau**, addressed a joint luncheon of the BEC and the Advertising Club in February. This outstanding event was the most successful joint luncheon in years.

Gene Pell, **W.B.Z.-TV**, gives latest news at joint BEC-Ad Club Luncheon, at which 18 Boston Ad Agency Presidents were head table guests.

BEC Seminar Panel members . . . (Back, l. to r.) HAROLD E. FELLOWS

In Memoriam

At its May 1964 luncheon, the BEC awarded its two annual scholarship grants.

One was awarded to a graduate student at Boston University and is designated as the Nona Kirby Scholarship. Mrs. Kirby was founder of the Club.

The second scholarship was awarded to a graduate student at Emerson College and is called the Harold E. Fellows Scholarship. Mr. Fellows was President of the BEC for 1950-1951.

Both scholarships are awarded to New England students in the communication field.

CONSTITUTION
of the
BROADCASTING
EXECUTIVES CLUB, INC.
(of New England)

ARTICLE I

Name

This club shall be known as the Broadcasting Executives Club, Inc.

ARTICLE II

Purposes

SECTION 1. To promote and encourage the use of commercial radio and television broadcasting as a medium of advertising.

SECTION 2. To create a lasting fraternity of persons engaged in commercial radio and television broadcasting and its allied fields.

SECTION 3. To provide a common meeting place for all members of the club and their guests.

SECTION 4. To promote a better understanding among members of the problems confronting the commercial radio and television industry.

SECTION 5. To promote the proper dissemination of information pertaining to commercial radio and television which may be of mutual interest and value to club members.

ARTICLE III

Membership

To be eligible for membership in the Broadcasting Executives Club, Inc., a person shall be actively and principally engaged in:

(1) As executive or sales capacity with a commercial radio or television station, advertising agency, or advertiser; or

(2) An executive or sales capacity representing a company providing recognized services in any phase of commercial radio or television and who qualifies, in the opinion of the membership committee and/or the executive officers

ARTICLE IV

Officers and Board of Directors

The officers of the club shall be a President, a first Vice-President, a second Vice-President, a Secretary and a Treasurer.

The Board of Directors shall consist of these officers together with the Past President and eleven duly elected members from each of the following categories: (1) one member representing Boston radio stations, (2) one member representing Boston television stations, (3) one member representing outside Boston radio stations, (4) one member representing outside Boston television stations, (5) two members representing advertising agencies, (6) two members representing advertisers, (7) two members representing regional and/or national sales representatives of commercial radio or television stations, (8) one member representing companies providing recognized services in any other phase of radio or television. The President shall act as Chairman of the Board of Directors.

ARTICLE V

Meetings and Quorum

SECTION 1. Regular meetings will be held weekly, semi-monthly, monthly or at the discretion of the officers of the club.

SECTION 2. The election of Officers and Board of Directors will be held once each year. The newly elected officers shall be installed at the last regular meeting of the Club year.

SECTION 3. Special meetings may be called by the President, or on application of seven members.

SECTION 4. A quorum for the transaction of business shall be a number equivalent to 15% of the active membership of record as of the date of which the quorum is desired.

ARTICLE VI

Amendment

This Constitution may be amended at any regular meeting of the club by a two-thirds vote, a quorum being present.

BY-LAWS

ARTICLE I

Duties of Officers and Board of Directors

SECTION 1. It shall be the duty of the President to preside at all meetings of this club and perform all the duties usually pertaining to his office.

SECTION 2. In the absence or disability of the President, the First Vice-President shall perform all the duties of the President, and if neither the President nor the First Vice-President is available, the Second Vice-President shall perform all the duties.

SECTION 3. The Secretary shall give notice of all meetings, notify officers of election, and send the names of newly-elected members to the Treasurer and perform such other duties as his office may require.

SECTION 4. The Treasurer shall receive and safely keep all funds (or money) of the club, and pay out the same only on the order of the President with the authorization of the Board of Directors. However, the President and Treasurer jointly may authorize expenditures up to one hundred dollars (\$100.00) or other officers and the Treasurer jointly up to fifty dollars (\$50.00). He shall make a report of receipts and disbursements annually or at any time on request of the President. He shall notify members of suspension of membership after ninety (90) days delinquency in payment of dues.

SECTION 5. The duties of the Board of Directors shall be to govern the club, to decide upon policies and to represent the membership.

ARTICLE II

Election of Officers and Board of Directors

SECTION 1. All officers and directors shall be elected by ballot, prior to the next regular meeting of the Club year, and shall assume office at the close of the last regular meeting of the Club year, the voting being restricted to members in good standing.

The nominating committee shall nominate one candidate for each office and shall notify the membership of such nominations at least one meeting in advance of the election meeting. Other nominations may be made from the floor.

SECTION 2. Should an officer resign during the Club year, the President shall appoint some member of the Club to assume the office for the balance of the Club year. Should the President resign, the office is automatically filled by the First Vice-President; should both the President and First Vice-President resign, the office is automatically filled by the Second Vice-President.

ARTICLE III

Dues

The annual dues shall be determined by the membership of the club who will vote on recommendations submitted by the officers of the club. Dues shall become payable immediately upon acceptance of application for membership or at the start of the Club year. Any member joining the Club after February 1st shall pay only one-half of the established annual dues, and any member resigning from the Club before February 1st may be rebated one-half of the established annual dues upon written request for the same to the Treasurer.

ARTICLE IV

Committees

SECTION 1. At a regular meeting previous to the annual meeting, the President shall appoint the following committees: a nominating committee to present a list of candidates for election to office for the following year; an auditing committee to report on the correctness of the Treasurer's accounts; and a membership committee.

SECTION 2. The President shall be empowered to appoint such special committees as he deems needful at any time or, on the majority vote of the members at any meeting, he shall appoint committees as they direct.

ARTICLE V

Amendment

These By-laws may be amended at any regular meeting by a two-thirds vote, a quorum being present.

ARTICLE VI

Suspension of By-laws

These By-laws may be suspended in case of emergency.

by unanimous vote of all those present at a regular meeting at which a quorum is present.

ARTICLE VII

Honorary Memberships

To be eligible for an honorary membership in the Broadcasting Executives Club, Inc., any person who because of his or her stature in the industry; or because of noteworthy work in the field of Radio and/or Television and its allied field, or because of his or her outstanding efforts and work on behalf of the Broadcasting Executives Club, Inc., or its predecessors, the Radio & Television Advertising Executives Club of New England, Inc. or the Radio Executives Club of New England, Inc., may qualify for honorary membership, provided said person is recommended by the Executive Committee and Board of Directors and then passed upon by a vote of the entire membership. No more than one honorary member may be named in any year. Honorary members will be entitled to all of the privileges available to members of the Club, but will have no voting powers. Honorary members will not be charged for luncheon or dues.

ARTICLE VIII

Associate Memberships

Eligibility for associate membership in the Broadcasting Executives Club, Inc. shall fall in two categories:

1. Any person who is or was formerly a member of this Club or its predecessors, the Radio & Television Advertising Executives Club of New England, Inc. or the Radio Executives Club of New England, Inc. but who has left New England and who is approved by the Officers and Board of Directors.
2. Any person who is or was formerly a member of this Club or its predecessors, the Radio & Television Advertising Executives Club of New England, Inc. or the Radio Executives Club of New England, Inc., and who, although remaining in New England, is no longer connected with Radio, Television, or its allied field, and who is approved by the Officers and Board of Directors.

Associate members shall be reviewed and approved each year by the Officers and Board of Directors. Associate members will pay regular dues, but will not be allowed to vote.

ARTICLE IX

It is not an object, purpose, or function of this Association nor shall it have the power to effect any contract, understanding, or combination in the form of trust or otherwise, or conspiracy in restraint of trade or commerce, or to influence any member as to whom he shall sell his products or services or at what price or under what terms and conditions. Any action in violation of this provision shall be void and no member shall be bound thereby.

Dear Mr. Hoffa:

I am very much interested in the movement labor is
taking in forming hospitals and clinics and medical
schools thru out the country. This is a great American
move to curb the so called intellect of Medicine(A.M.A.)

I resigned six societies in 1930 and the only affil-
iation is the N.Y. Academy of Sciences.

We have a great country and the Laboring man has
produced it. The intellectual has supplied very little
but demand much. Thank God the labor unions started
they are slowly but surely recapturing the American way
of life. Politics is o.k. but the politicians are the
cancer of the World.

Let me know where I can obtain a Union card so I
may affiliate and help America.

Kindly let me have a reply as I do wish to co-
operate with your movement.

Sincerely, I. H. S.

Dear Mr. Hoffa:

The President of the California Labor Federation AFL-CIO, Thomas L. Pitts, suggested that I write to you.

I recently returned to the United States from Israel where I spent three months studying economic and social problems.

One of the problems that is causing great concern to the Israelis is the high accident rate on the streets and highways.

As one who has dealt with your organization in Los Angeles for many years when I was actively engaged in industrial relations, I know of your organization's interest in safety.

Many labor organizations have made contributions to Israel and it is my opinion that you and your Union would contribute to the economy of Israel and to the promotion of safety if you would arrange to launch a safety program in Israel by teaching safety to its drivers.

I am returning to Israel to study its economic problems again and write a series of articles for a leading newspaper. I would be delighted to present this idea to the Israeli Government if you are interested - and write about it in one of my forthcoming articles.

Sincerely yours,

Joseph E. Brodine

Bronstrup Should Quit

William Bronstrup, controversial secretary to Federal Judge James Connell, should resign.

And he should quit at once, before he causes further embarrassment to his boss, and brings further discredit on the federal bench.

Actually, he should have quit a year ago, when the fact he had accepted part-time employment from the Teamsters Union first came to public notice.

But he decided to ride it out, and his continued association with Judge Connell now has become a major issue.

The judge was ordered to fire Bronstrup by the Administrative Office of the U. S. Courts.

But Connell, apparently moved more by loyalty to an old friend than by good judgment,

has brushed off the order.

So Connell is on the spot, along with Bronstrup.

Bronstrup can get his boss off the spot by quitting.

This would be HIS expression of loyalty to an old friend, which Connell certainly has been to him over the years.

But more important, Bronstrup forfeited his right to a job with the federal courts when he accepted simultaneous employment with the Teamsters.

By so doing, he allowed the union to trade on the dignity of the federal bench.

It was a bad mistake in judgment, and he should have the good sense to realize it.

U. S. Acts to Oust Connell Aide

OLNEY

CONNELL

BRONSTRUP

KEY FIGURES in judicial clash. Warren Olney III, director of Administrative Office of the United States Courts, is demanding that William Bronstrup be ousted from job as secretary to Federal Judge James C. Connell. Connell is supporting his long-time aide.

By AL OSTROW

The Judicial Conference of the United States has been asked to fire William K. Bronstrup from his job as secretary to Federal Judge James C. Connell. The Judicial Conference is the top rule-making body of the federal courts system.

Charges that Bronstrup has violated Federal Court regulations were filed with the conference by Warren Olney III, director of the Administrative Office of the United States Courts.

Olney claimed that Connell has ignored suggestions of Chief Judge Thomas McAllister and the Judicial Council of the Sixth Circuit Court of Appeals that Bronstrup be dismissed.

Olney and the Judicial Council asked Bronstrup's ouster on the ground that he participated in politics as a Republican ward leader, accepted paid employment with a Teamsters Union welfare fund and is technically prohibited from being a judge's secretary.

Bronstrup, who has been Connell's secretary or

balliff since the latter became a Common Pleas judge 20 years ago, said "no one ever told me" that, under Federal Court rules, a judge's secretary is not permitted to have outside employment or be active in partisan politics.

"You can't violate anything you don't know about," he said.

Bronstrup said he is no longer a ward leader, and argued that "I never held an office in the Republican Party, because there is no place in state law that sets up an office of ward leader."

Connell declined to discuss the situation. "The private business of the courts should not be aired in the newspapers," he said.

But Olney contended that the public has a vital stake in the conduct of employees of the federal courts. His Washington office in the Supreme Court Bldg. released correspondence on the Bronstrup matter.

Olney's action for the first time made public a behind-the-scenes campaign that high officials of the

federal judiciary have been waging to fire Bronstrup since last June.

Connell, according to Olney, has either resented or ignored the demands to fire an \$8,000 a year secretary.

The demand for Bronstrup's firing was triggered by disclosure by the Senate Rackets Committee that Bronstrup had received a \$30 a week salary as administrator of the welfare fund of Teamsters Local 521, and \$100 a month for "investigative services" to Robert Kneer, Dayton attorney who is counsel for the Ohio Conference of Teamsters.

Olney is former chief of the criminal division of the U. S. Department of Justice. His racket busting record goes back to his service as executive director of the California Commission on Organized Crime. He is also a World War II Marine combat intelligence officer and former law professor at the University of California.

Olney made it clear that he considers Bronstrup a

(Continued From Page One)

continuance on the Federal Court payroll "outrageous." Judge McAllister's recommendation that Bronstrup be dismissed was made in behalf of the Judicial Council of the Sixth Circuit.

"The Council is of the opinion," McAllister wrote Connell last Dec. 28, "that Mr. Bronstrup should not have accepted employment with a welfare fund of Local 521, Teamsters, or the employment by Mr. Robert Kneebly of Dayton, O., an attorney for the Teamsters Union, involving investigation for him of claims made against the Welfare Fund of the Teamsters Union."

Although the Hatch Act, barring political activity by federal employees, does not apply to persons on the judicial payroll, McAllister continued, the Judicial Conference in 1943 adopted a rule that "it was incompatible with the proper service of the federal judiciary for its officers or employees to become candidates for political office or participate in other political activities of a kind forbidden to employees of the executive branch of the Government by the Hatch Act."

Hit Role as Ward Leader
"The Council is of the opinion that Mr. Bronstrup should not have continued as a Republican ward leader or engaged in political activities while serving as a secretary of a federal judge," McAllister wrote.

Judge McAllister's court headquarters are in Cincinnati. His home is in Grand Rapids, Mich.

The chief judge's letter to Connell said Bronstrup's activities had "not only resulted in harmful criticism of you, personally, but cannot help resulting in harmful criticism of the federal courts, generally, if he is continued in his position as your secretary. The Council believes that you will concur in the view of the Council that such a result should be avoided."

In the light of the foregoing, and without assuming to make any order in the matter, it is the view of the Judicial Council of the Sixth Circuit that judicial wisdom would, in our opinion, call for the termination of the relationship of Mr. Bronstrup as your secretary.

"We are mindful of the association that has existed between you and Mr. Bronstrup for many years during your service in the state judiciary, and your loyalty to him in his present position. We regret that, in our opinion, the existing circumstances interfere with the continuance of that relationship."

Says Judge Never Repplied

When Connell ignored this recommendation, Olney wrote him (Connell) twice asking what action he had taken. He says he received no reply.

Eleven days ago, McAllister wrote Olney that "the Judicial Council of the Sixth Circuit has expressed its opinion," and "considers that any further action is within the jurisdiction of the director of the Administrative Office."

Olney then asked the Judicial Conference of the

United States to consider the Bronstrup issue "with a view to authorizing me to terminate his employment."

The conference consists of the chief judges of the 11 circuit courts of appeals, and one district judge from each circuit.

This is probably the first time in history that an effort has been made to curb the absolute authority of a federal judge to select his own personal staff.

While Connell declined to discuss the matter, Bronstrup vigorously defended himself. He said many other federal court employees have outside jobs—and he was advised by two other judges that "it would be all right" when he became Connell's secretary six years ago.

Bronstrup said he resigned both Teamsters Union connections last year when told they were "improper." On the welfare fund, he said, he served as a representative of the employers—not the union.

The former 22d Ward leader has remained active in Republican affairs since he moved to 3364 Bonroi Dr., Seven Hills. Bronstrup denied that he is now GOP ward leader in that area.

He said his daughter, Arlene, 30, is Republican precinct committeeman, but he is not a party leader, although he is generally regarded as such.

Bronstrup said the Federal Court system had never provided him or Connell with copies of "rules and regulations adopted year ago—just the new stuff."

Dear Mr. Pierson:

We have your letter of April 28th, addressed to President James R. You might ask Mr. Seidenberg of your organization to continue to be in touch with Mr. Al Weiss who will advise him of the availability of Mr. Hoffa for the requested interview.

Dear Mr. Hoffa:

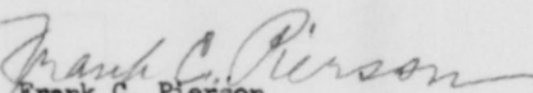

The Brookings Institution has authorized me to prepare a volume under its sponsorship which will review and compare the economic programs of a few of the country's leading unions. The main part of the book will be a discussion of how different unions have dealt with economic developments and problems in their industries since World War II--the rise of big firms, competition among employer groups within industry and among industries, effects of greater mechanization, etc.

Because of the great importance of the Teamsters Union and the national significance of its economic policies, we hope your organization will extend its cooperation in making the undertaking a success.

In particular, it would be most helpful if you would grant us an interview at your convenience to discuss certain aspects of these questions. Mr. Jacob Seidenberg, who has already been in touch with Al Weiss of your organization, is in immediate charge of this part of the study, and if agreeable with you, he will be in touch with your office to see if he can interview you in the near future. Mr. Seidenberg has had extensive experience in labor relations, until recently serving as Executive Director of the President's Committee on Government Contracts.

Dear Mr. Ostrower:

I have your letter of January 11th, and I regret to inform you that because of the heavy commitments on President Hoffa's time in operating our organization, we find it necessary to cut down on outside speaking engagements. Therefore, we are reluctantly advising you that he cannot accept your invitation at this time to speak before the students at Brooklyn College.

We would be very happy however to assist you in obtaining any other executive of our International Union as a speaker on your program.

Mr. H. G. Gibbons
Executive Secretary to the President

Dear Sir:

I am writing to you in reference to a speaking engagement at Brooklyn College for President James R. Hoffa. In your letter of December 19th, you informed me that you would be unable to make any commitments at that moment and that by the end of January, if possible, you would be able to set a date.

The date that would be best for our College would be on February 11, 21, or 28, all Wednesdays, or February 19 or 26, Mondays. The reason that these dates were selected is that on Monday and Wednesday we do not have any classes between the hours of twelve and two, and, therefore, those times would be best for our program.

We wish Mr. Hoffa to speak to our students as part of our newly formed "Challenge" program. This program hopes to bring about an awareness and understanding of the issues of the modern world, and to show the student that he or she is an integral part of current happenings. We hope to bring to the campus the controversial issues and people of today's world. We hope to bring to the College the men who are making news, so that the students can better understand personalities and the issues and ideas which motivate them. Through our program of speeches, debates, discussions and conferences, we hope to create a citizenry that understands the issues and makes itself heard.

In this context, President Hoffa fits ideally into our program. I hope, therefore, that he will be able to come and to speak on our campus. If the dates that I listed above are not satisfactory, others can be arranged. Please contact me as soon as possible.

Thank you for your consideration.

Respectfully yours,

Dear Dave:

With reference to your phone call and our discussion of our employment,
we prefer to terminate it at this time.

You are fighting brush fires from many directions and while I would like
to continue to help, our practice is not one to lend itself to this type
of operation. Our help isn't worth to you what it would cost you, and
on the other hand we can't change our overhead expense and method of operat-

For the job you have to do here you need a sharp and hungry young attorney
who will be glad to work on an hourly or daily basis.

We have not as yet had a call from the United States Marshall giving us the
costs on the last case filed. When that is received I will complete a record
of expense authorized either by you or by Mr. Bartosic, and will try to re-
construct our time into some sort of bill for services.

With reference to pending cases in which we are attorneys of record, we will

My Dear Mr. Beck:-

I am very anxious to see the automobile salesmen organized, for their own good, I feel that this in one bunch of very necessary men who are like sheep with out a shepherd, these men are natuaal victims of every "trick of the trade", and in this business the bag of tricks is the biggest.

I have worked as an automobile salesman for 25 years and am retired, however I am only 49, but I know every angle of the business and every problem a salesman confronts and what he is in for and what he has missed, if he has not been in it all of his life also,- and the pit falls for him to come, and why he does not get what he thinks is all of his commission.

My whole interest is for the salesmen as they are my brothers, no one needs help like these poor unfortunates do, and no groupe works as hard to survive as this groupe has done and will do from now on out. it has been a picnic for the ones on the job during the war years, but this honey moon is over now, and completely over with a bad future because of high prices, larger down payments required, and the used car market dropping faster than the normal depreciation on the cars, thus the age old acare.

I have several proposals that salesmen could work under, that I have worked salesmen under that is most satisfactory and a sure guarantee for the salesman, of course he is supposed to produce and must produce. but where the catch has been is NOT salesmen who in days gone by that did NOT or DID produce, but when they were the best of producers, one of the little "tricks of the trade" is to get all possible out of a salesman, let him work his heart out, build up a clientele for his future, hoping to cash in on his hard work after he gets too old to do the necessary foot work to start over on. this trick, is to get rid of this man and cash in on his hard work, by ways of a house man that is hired for peanuts, usually a young man that only acts as chauffer for the BIG BOSS and drives in the customers that buy because it is a habit with them to buy at that place, because this good salesman has sold them and served them well for years, thus they thru instinct come back 'home'. I was booted out, but fortunately I had earned and saved enough to live on, thus I was booted out thru the age old channel of "automotive jealousy", the lowest way of all to boot out a person, but thats the birthplace of this deal. my 'BOSS' told me that he hated to see any one progress or get a head in life. he would rather have ten men making a bare living than a few making real good.

What has happened to me has happened to many salesmen in the middle to late 40's. and will happen to all who get above the "yes man" years. most automobile dealers have these little school boy salesmanagers who could never make the grade themselves, they could not make a living selling, but they know how to get the prospect file from the good salesmen and now to antagonize him into quitting when they feel that he has built up as large a prospect file as is possible in that territory, then he is booted out and the names kept..

I want to work on this myself, and I have tried every way I know to get the ice broke, so will you please tell me if you are interested??? with kindest regards, I am respectfully yours,- Roy Brooks. EX-Packard salesman

Dear Mr. Hoffa:

It may seem odd that I am writing to you, as this matter does not directly involve the Teamsters. I do, however, believe in always contacting the best man in a given situation, and in the field of labor, there is no better man than James Hoffa.

The problem concerns my wife, who is a professional dancer. In the situation which exists, her name is to be used in whatever way.

I have only the greatest respect for you, and your integrity as a labor leader. I am certain that under your wise leadership, there have arisen men in Los Angeles, many excellent Teamster leaders of similar integrity. I do not personally know which one can be counted on to carry out your efforts, and which others, by their opposition to your principles, are hostile to the Teamsters, and to labor in general. For this reason, I am writing for your assistance.

I would appreciate it if you would recommend a suitable Teamster official in the Los Angeles area with whom I might discuss my wife's situation confidentially and internally. The situation is one which is impossible to describe in a letter, and which I am not discussing over the phone.

I am not posing individual cases, but the name of one worker can be used in the name of a movement, and the name of a movement can be used in the name of a worker. Dear Mr. Hoffa,

By the time you finish reading my letter - you will probably say - "What kind a nut is she?" And if you do, I can't blame you for feeling that way!

As I was reading the "International Teamster" - (my husband has been a member for 25 years) an article caught my eye concerning the wonderful Charity work done by the teamsters.

At this time an organization which I am president of is, and has been struggling so hard to aid people in our county since 1961 - we do a lot and help many - but our progress is slow - due to lack of funds. Our current project is to purchase a "portable whirlpool" unit to aid a 14 year old girl with an incurable disease - this machine - could make her a little

more comfortable and ease her pain. It would be used by many people in our area in need of this type of service. Our club works with Cancer, Leukemia, C/F - C/P etc - you name it - we do it!

We also cook meals, clean homes, give nursing care - (all free) - we have donated many hours, time and money in our Warren Co. Retarded School. We purchase food, clothing, coal, etc for patients needing any - of these things.

Our money is raised by small monthly dues - bake sales, rummage sales - etc. Also we have recieved some donations due to newspaper releases in many papers. (Enclased is one such article.)

So Jimmy - this brings me around to why I've written you. I realize that the charity money is already ear-marked for this year -

What I was wondering - if you could perhaps ask that our name be added to your long list

3

for a small donatation in the near future? Any donation will be so greatly appreciated by our club - and most certainly by the dying people it will go to aid in Warren County.

Well, thats about it - "thank you" for the time you have taken to read my letter. If my request is absurd and impossible - this I will ~~understand~~, this was just a spur of the moment feeling I had. Anyway I've enjoyed writting you,

God Bless you and yours,

Sincerely yours,

Mrs. Herschel Brown

P.S. I hope I've not left you feeling I am a Nut? (Really, I'm quite Sane)
I usually follow my "feelings" and this was a strong one!

Mr. James Hoffa,
International President,
Teamsters' Union,
Washington, D. C.

Dear Mr. Hoffa:

The undersigned is a rank-and-file member of Onward Lodge #154, Brotherhood of Railway and Steamship Clerks, Trenton, New Jersey.

A portion of the membership of our Organization are employed at the Freight Station of the Pennsylvania Railroad Company, North Olden Avenue, Trenton. Also working at this same freight terminal are members of Local #701 of your Teamsters' Union, with Headquarters at Newark and New Brunswick, N. J. Your membership here comprises drivers employed by Scott Brothers Trucking Company.

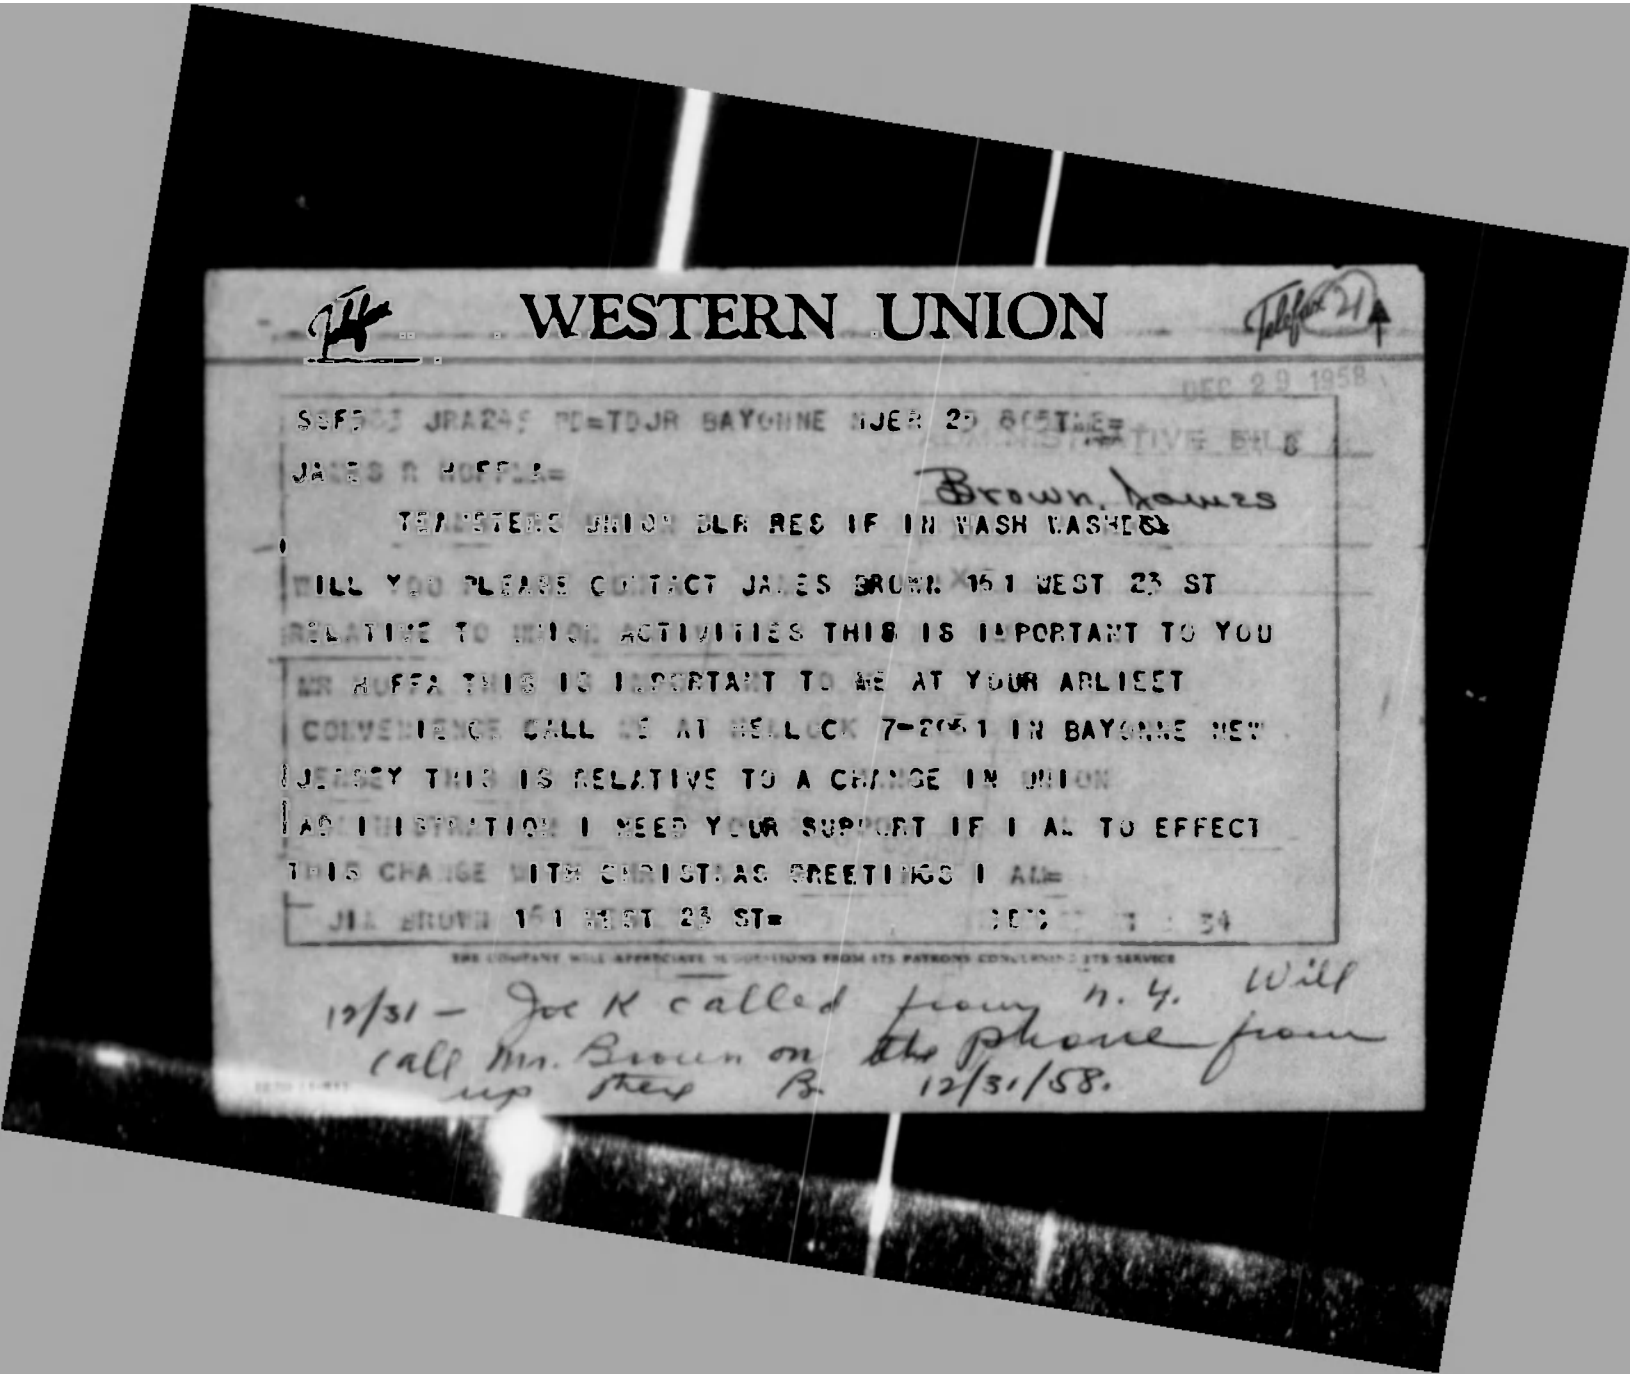

Approximately two months ago, a certain question came up on our lodge floor pertaining to certain working conditions affecting both unions. By a majority vote of our local lodge, a committee was appointed to convene with interested officials of your Teamsters' local. A letter was written to your Newark, N. J. headquarters seeking an appointment for a conference. Approximately, during the latter part of November, 1960, or the first portion of December, 1960, was this correspondence dispatched, without reply to the present writing — so were we of the rank-and-file informed.

Speaking as an individual, the proposed subject of the conference is of extreme importance. Likewise, having a slight knowledge of the cordiality ordinarily existing between union people, whether members of different Organizations or not, I am at loss to comprehend the attitude ostensibly displayed by your local-officials in charge of the Teamsters' Union employing Scott Drivers.

Would it, therefore, be possible for you to check into this matter to possibly determine the reason for this non-cooperation. Your courtesy and consideration would be most appreciated.

Yours most sincerely,

Howard F. Brown

Dear Mr Hoffa:

I am writting you this letter to find out if it would be at all possible to obtain a union permit or membership in a local that would enable me to work part time as a loading dock helper for a trucking concern in Houston.

I am a Staff Sergeant in the Air Force, 25 years of age, white, married and we have just had our third daughter. We have, however, very foolishly lived beyond our ability to pay and a possible part time job would more than help us. I want very much to work in the trucking industry in some capacity as this is my ambition when I leave the service. I don't, however, want to seek a job and risk the possibility of causing any trouble between the union local and any local firm.

If it were at all possible to obtain membership, I believe it would be more convient if I could become associated with Mr. Cohens Council in Philadelphia as this is my home town. Being in the service and subject to transfer it would be easier to maintain a standing good membership there.

I also would like to know if such an arrangement could be worked out, would it be possible to pay dues on an "as worked" or would I be required to pay the full monthly dues?

I hope sincerely that you will give this your consideration. Any assistance you may be able to give me will be greatly appreciated.

Thank you.

Dear Brother

After reading our January issue of Teamster and reading the State of the Union and Brother Gibbons warning to labor. If you note on page 17 (misprinted) then you will see just why I am writing to you. Yesterday I met a friend of mine who now lives in Tucson Arizona the state where there is a right to work law and home of Labors greatest Enemy Barry Goldwater I asked my friend about the setups out there and he told me the only one who is organized is the Republic Memorial and they have a lot of money to spend. Now here is a state that has to be worked to get rid of a rat. My friend is going to run for Mayor of Tucson. He is here in Phila. on a vacation to see his family. I will give you his name and address and telephone if you would like to talk to him. He and you are in Phila. he is and always been a friend of Labor Mr Hoffa I do think he can do a lot of good in Arizona. His name is Mr Joseph A Brown 705 E Ontario St Phila 34 Pa and phone GA 3-9316
Thank You and God Bless You Brother. Thanks
over

P.S. Mr Haffer

I do think if you had time to write or talk with this man he could give you the whole setup. Palental on that Italy and Goldwater. He is a smart man and knows what it is all about and has 30 years experience in politics. So I am not asking you to talk or see a nut. I do know if he runs for mayor in any town he will fight and know how to do it. He is no faker. This I do think would be good for all labor. Thank you again but please try and see him if you can. I do think he said he was coming back to his home in Tucson around Feb 15, and start in to run. Ask him when the election was he said Sept. So you can see he knows what to do starting in Feb. to get a setup going. I do think he has lived in Arizona for the last 17 years but comes to Phila each Christmas and goes back every Feb.

Thank you again.

I am seeking help in trying to locate my brother Richard Milton Brown, white, male, American. It is believed that he is a member of your organization, and would probably have joined the Teamesters Union somewhere in the mid-west. It is a known fact that he did drive for Mayflower. He left Huntington, W. Va. in 1955, and since that time we have searched for him to no avail. As a last resort, I am writing to ask you to search your records to see if his card is on file there. He is a Navy veteran of World War II. He is 44 years old, 5'9" tall, weighing approximately 190. He has dark brown hair and blue eyes. I am deeply concerned about his well-being since so many years have elapsed since he has been heard from, therefore any information that you can furnish will be greatly appreciated. April 3, 1958

International Brotherhood of Teamsters
Seattle, Wash.

Dear Sirs;

I am writing you in regards to
the service station operation here in
Butte, Mont.

I represent a group of 15 Service
Stations who are being badly hurt
(business wise) because of the hourly
operation we have here.

We are all members of the Teamsters
union & employers of Mobil, Sedaco,
Union, Phillips & Carter Service Stations.
As employers, we all hold Teamster
Cards as do our employees working for us.

In Butte we have 2 classifications
of Service Stations:

- ① Regular hour stations which work
from 8 AM to 8 PM daily except Sundays
& holidays from May 1 until Oct 1 to
8 AM to 6 30 PM the rest of the year.
- also ② 24 Hour stations which are open
at all times of the year.
Most of us have in the past been
24 Hr. operators & hire at least 2
men besides our selves; making

3 Steamers at the very least & some
of the ^{24 hr} stations have as many as 6 Steamers.
The larger majority of the regular hour
stations have but 1 Steamer (being
the operator of the station himself).

We of the 24 hr. group have tried
for many years to change our
hours to a 16 hr day which would
enable us to make a decent living & too
still keep the same number of men
employed except in about 3 cases where
the midnight to 8 A M shift would be
eliminated.

As the matter now stands,
the Steamers Union Local No 2 of which
we are all members police an action
which forces us to put up a \$200⁰⁰
bond saying we will remain open 24
hrs daily all year round.

This rule was made by our
opposition, mainly regular hour
stations, & given over to the Steamers
Union to police. If one of our 24
hr stations closes 1 day of the year
he must forfeit the \$200⁰⁰ bond &
put up another or else go on a
regular hour basis to continue in
business.

(3)

If this condition exists any longer, nearly all of our group will be forced to go on the regular hour basis & ~~approximately~~ 20 Teamsters will be put out of work by our stations not including ourselves as operators.

On May 1, 1958 our contract with the union expires & by then the new contract which calls for the same ^{hourly} regulations will be out.

Our group will not sign because of the hour regulations & the union delegates here claim they can take our union cards away from us for failing to comply with our opposing stations demands on this hour situation.

We feel that as union members ourselves, we are breaking no union rules of the Teamsters.

We also feel that as employers we should have the right to operate our businesses as we see fit providing we comply with direct union rules & not those of our competitors.

We have secured legal advice, but most of us feel that your people can help us without going to court, picketing & etc. Being in the minority we can't get the Union to take our part.

(4)

Please advise us as to what course we can take without going to a lot of expense & trouble & also let us know if our rights as union members can be taken away because of our differences with our competitors.

We would ^{like} very much to remain a part of the Teamsters Union but would also like to make a living for ourselves & families.

Your immediate reply to this letter would certainly be appreciated as we have only until May 1 to decide what course of action we can take.

Sincerely

Robert E. Brown

Dear Mr. Mohn:

Re: Brown & Root

Upon receipt of your telegram of July 13 regarding summary judgment action in U.S. District Court with regard to the Fair Labor Standards Act case against Brown & Root, I inquired of Earl Street, Regional Attorney for the U.S. Department of Labor, who advises that the last information on file in his office is to the effect that suit was filed in the case styled Wesley Archer v. Brown & Root, No. 5345, in the State District Court in New Orleans, Louisiana. He surmises that the case may have been removed to the U. S. District Court, but he has no specific knowledge about the matter. Mr. Street said that his office would be interested in the case, that he would check and report back the findings.

Meanwhile, I have written to Gordon Goodbee, attorneys for the plaintiffs, in Covington, Louisiana, asking for advice as to the present status of the matter and his intentions with respect to further litigation in the case. I will keep you advised.

Best regards.

Brown Shoe Company (11)

ST. LOUIS 24, MISSOURI

Volunteer 1-7000

July 1, 1958

Mr. Harold J. Gibbons
Teamsters Building
Washington, D. C.

Dear Harold:

As you may know, I have been endeavoring to arrange a meeting with you during the last several weeks for the purpose of discussing what appears to be a material misunderstanding on the part of one of your associates regarding that phase of our contract settlement which relates to the application of the Cost of Living Escalator Provision.

It is now being contended by Mr. Naber that the Cost of Living increase of 3¢ per hour, made effective May 1, 1958 must be integrated into the permanent wage structure. This is directly contrary to fact and to our settlement agreement as I will now point out.

During our negotiations which extended into May of this year and beyond the contract expiration date of April 30, 1958 a Cost of Living wage increase in the amount of 3¢ per hour became effective May 1, 1958 under the terms of the Cost of Living Escalator Provision of the old contract which was then being continued in effect pending settlement of the negotiations.

At no time in the later stages of our negotiations did we suggest that this May 1, 1958 Cost of Living adjustment be integrated into the base wage rate. As a matter of fact, when we did make the suggestion earlier that any general wage rate increase be credited with the amount of this May 1 Cost of Living adjustment, you were prompt to reject any such proposal. Thereafter the discussions relating to the Cost of Living Provision dealt only with the change in the integration or "freeze" date in the Cost of Living Provision of the contract from October 31 to April 30, and that the integration into the permanent wage structure would occur only at the end of the second, fourth and fifth contract years.

The Memorandum of Understanding which sets forth the contract changes agreed upon in the settlement of our negotiations contains the following recital in reference to the change to be made in the Cost of Living Provision of the contract:

"Cost-of-living escalator provision to be retained, except the date October 31 shall be changed to April 30, and the

Quality at your feet...

AIR STEP • BUSTER BROWN • LIFE STRIDE • WESTPORT BY LIFE STRIDE • OFFICIAL BOY SCOUT
OFFICIAL GIRL SCOUT • NATURALIZER • PEDWIN • PROPR-BILT • BISOUÉ • ROBIN HOOD • ROBLEE

date November 1 shall be changed to May 1, as the same appear in the third paragraph of the present provision, and further except the integration of any increase in wages due to cost-of-living increase into the permanent wage rate shall occur only at the end of the second, fourth and fifth contract year (i.e., April 30, 1960; April 30, 1962; and April 30, 1963), and the base index figure shall conform accordingly."

The above is clear and explicit and it was also clearly understood at the time of our conference with you at the Hotel Adams in Phoenix that these were the only two changes to be made in the Cost of Living Provision of the contract, namely: (1) the integration, or "freeze", date for incorporating any Cost of Living wage increases into the permanent wage rate structure was to be changed from October 31 to April 30; and (2) the integration of any Cost of Living wage increase into the permanent wage rate structure would only occur at the end of the second, fourth and fifth contract years (that is, April 30, 1960, April 30, 1962 and April 30, 1963).

Under the recently expired contract you will remember that the Cost of Living Provision called for an annual integration of any Cost of Living increases in wage rates by stating:

"Any increases in wage rate provided for in and added to wages of employees on October 31 of any year covered by this agreement shall be incorporated into the permanent rate structure."

This contract language clearly fixes October 31 as the integration, or "freeze" date.

Furthermore, in the administration of the Cost of Living Provision of the contract the Company has followed the specific contract terms and has integrated any Cost of Living wage increases in effect as of October 31 of any year into the permanent wage rate structure.

The nature of the contention now being made may be predicated on the mistaken notion that the November 1 date had been used as the integration date under the former contract, but that is not correct because the language in the Cost of Living Provision clearly states otherwise. In fact, during the 12 months' period of November 1, 1953 to October 31, 1954 the Cost of Living wage increase of 1¢ per hour granted November 1, 1953 was cancelled out May 1, 1954 due to the decrease in the Cost of Living Index, thus clearly demonstrating that in practice the November 1 date was not the integration date.

For the same reason and since the terms of our contract settlement only changed the dates of October 31 to April 30 and November 1 to May 1 as the same appear in the third paragraph of the Cost of Living Provision, it is not correct to now contend that the 3¢ per hour Cost of Living wage increase made effective May 1, 1958 should be now integrated into the permanent wage rate structure.

Page 3

It is also clear that May 1, 1958 is the first day of the new contract term and the first day of the two-year period which ends April 30, 1960. By the terms of our settlement agreement, the end of the second contract year, namely, April 30, 1960, is specifically fixed as the date for integrating into the permanent wage structure any Cost of Living increases then being added to the wages of the employees as of April 30, 1960. This necessarily means that the May 1, 1958 Cost of Living adjustment of 3¢ per hour is part of the two-year period within which the Cost of Living escalator adjustments are to be applied and that the integration into the permanent rate structure will occur only as of April 30, 1960, the end of the second contract year.

I am naturally disturbed that this apparent misunderstanding has arisen because the terms of the Memorandum of Understanding between us were quite clear and complete in setting out the settlement agreement which we reached. Under the circumstances, I do not believe that there is any basis or justification for this contention which is so clearly contrary to what has been agreed upon. After you have had an opportunity to consider this, I wish you would call me at your earliest convenience.

Very truly yours,

February 20,

Dear Mr. Boffa:

I recently learned that you would be giving a lecture at Cornell University on March 12. When I mentioned this to the other members of the Pavnice Board of Governors--a group which brings lectures and concerts to the Brown campus--, they expressed a great deal of interest and asked me to contact you for a similar lecture here.

If you would be interested in presenting a lecture here, either before or after the one at Cornell, would you please send me the details of your arrangements with Cornell. Please send the information to:

Dear Phil:

I have reviewed the questionnaire which you sent with your letter of June 14. I have the following comments:

Company Questionnaire

1. In address requested that of central (main) office or (the) (a) particular terminal? If former, specify line 1 as main office address.
2. Are you interested in only one terminal or in all terminals of the company? If former, who will select the terminal? If selection by company, what criteria is company to use in selection?

Will this questionnaire go to main office of company? Where will you get addresses? Will central office or terminal fill out the questionnaire?

I'm not clear what you mean by "Please treat each terminal separately." If company has more than one terminal, do you want a report from the main office on each terminal, or will you request main office to forward questionnaire to terminal(s) for completion at each terminal?

4. Do you want a combined peak employment figure for all the classifications shown in item 3 or for each category? If latter, rearrange form of question and specify.

How about office help? They're also affected. You may also get significant variations in impact.

June 19, 1961

5. How many are now employed in all these classifications combined or in each of these classifications? (Incidentally, provide space on schedule for date of completion and name and signature of individual filling in the report.)

6. Street and city.

14. Are company payroll records geared to quarterly reporting?

Employee Questionnaire

General Will this questionnaire be accompanied by transmittal letter to indicate that "last layoff" refers to employment with auto transport company? I'd put this in as part of the question itself -- to achieve accurate reporting.

3 & 4. What is purpose of these questions?

5. See comment under "general". How will you translate data on quarterly wages (item 14) on company questionnaire to weekly wage in item 5 on employee questionnaire? I presume you're interested in income loss (or gain) between auto transport job and subsequent jobs.

6 & 7. I'd ask an additional question between 6 and 7: Did your wife start working after your layoff from _____ Auto Transport Company or was your wife working while you were employed by _____ Auto Transport Company? I realize you're trying to get at this in question 7, but people's memories are not precise and item 7 may not be too accurate.

I assume that the employee questionnaire will be followed up by personal visits to some or all of the respondents. Do you have a questionnaire to be used for your present interviews?

Good luck on your survey! Please let me know if I can be of any further assistance.

Dear Al:

I had a good trip in St. Louis and was very cordially greeted by the local officers. I am enclosing a copy of a draft questionnaire. Please note that our plans are to submit one questionnaire to the trucking firms and on the basis of their replies submit the second to laid-off workers. We would be most grateful for your comments and criticisms.

Professor Taft has sent a copy of the questionnaire to Harold Gibbons and another copy is being sent to Dale Ferris.

Hoping to hear from you soon.

Cordially,
Phil

Dear Mr. Hoffa:

I want again to express my sincere appreciation for the courtesies extended by you and your staff to myself and my family during our visit to Washington last week.

It was a pleasure to see you personally and we appreciated your taking time out to come over and speak to us. We also enjoyed the tour of the building and were given very fine attention by the members of your staff.

I mentioned our visit to Mr. Glenn Stephens on my return and he wishes to send you his personal regards.
